

CROZER-KEYSTONE HEALTH SYSTEM OFFERS Free Screening and Diagnostic Mammograms for Uninsured and Underinsured Women Over 40

Thanks to a generous grant from the Susan G. Komen Breast Cancer Foundation, Crozer-Keystone Health System now offers free screening and diagnostic mammograms to women who do not have insurance, or whose insurance may not cover these tests. Coverage for additional exams and follow-up treatment, including chemotherapy, and wigs and prosthetics for women fighting breast cancer, may also be available to those who qualify.

The program is available to women who are between the ages of 40 and 64 who do not have insurance, or who have inadequate insurance.

Available CKHS Locations

Participants may receive their mammograms at several Crozer-Keystone Health System locations, including:

Brinton Lake Imaging

300 Evergreen Drive, Glen Mills, PA

Crozer-Chester Medical Center

One Medical Center Boulevard, Upland, PA

Delaware County Memorial Hospital

501 N. Lansdowne Avenue, Drexel Hill, PA

Media Medical Imaging

200 E. State Street, Suite 200, Media, PA
