

# October Students of the Month

7th Grade

Ce-Bree Solomon

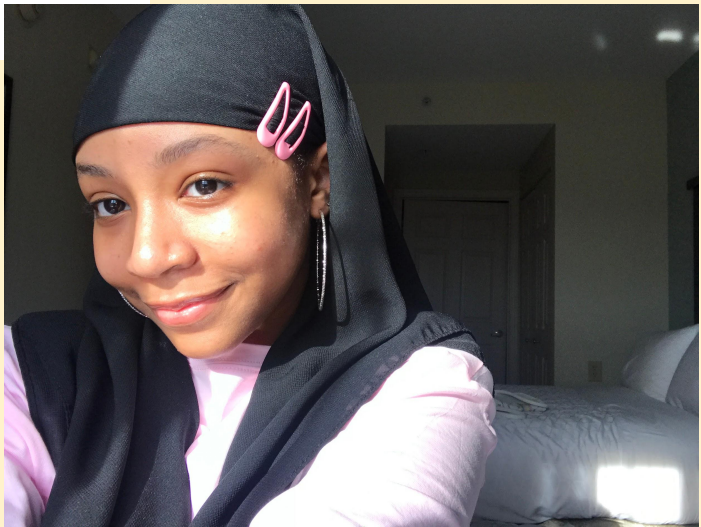

8th Grade

Ny'Seem Dawson

9th Grade

Khaleedah Ahmad

10th Grade

Charles Thompson

# 11th Grade Victoria Caratello

# 12th Grade Jameel Burton, Jr

*Mr. Peter Cosfol: Mr. Cosfol has been a valued member of the CUSD Community since January of 1993. Currently, Mr. Cosfol (or Cos as he is affectionately known) serves as one of our high school Science Teachers at STEM. A graduate of California State College and West Chester University, over the years Mr. Cosfol has taught every science course offered in the District except for Physics and AP courses. Mr. Cos even founded a few of our popular science courses at STEM like our Botany & Anatomy and Physiology courses. In his free time, Mr. Cos enjoys growing plants and woodworking. His future aspirations include traveling to exotic locales with his wife Regina. Grateful for his many years of service to both CUSD and STEM, we honor **Mr. Peter Cosfol** as our **October STEM Staff Member of the Month!***
