Ms. Chanel Turner-Wright: Ms. Turner-Wright currently serves as our 7<sup>th</sup>-11<sup>th</sup> Grade STEM Counselor. A graduate of Chester High School and West Chester University, she has been a valued member of the STEM staff over the past 4 years. For the past two years, Ms. Wright has been the vision behind our remarkable STEM yearbooks. While the majority of CUSD faculty are working remotely, Ms. Turner-Wright diligently comes into the building every morning to assist both students and staff alike with anything from scheduling needs to guidance support. If you've ever

needed assistance you may know Ms. Turner-Wright as the comforting voice on the other end of the line. Outside of school, Ms. Turner-Wright is a successful entrepreneur, starting her very own accessories business with her sister called *SoWright Accessories*. You may also find Ms. Turner-Wright as recurring guest host on Chester's popular CMP Radio Show. Always willing to 'assist with a smile', we honor **Ms. Chanel Turner-Wright** as our **September STEM Staff Member of the Month!**
