Athletic Departments Mission Statement

The athletic program within the Chester Upland Schools District dynamically supports the academic mission of the school district. The athletic department sets high expectations for its coaches and student-athletes. The athletic program promotes interscholastic athletics that provide lifelong learning experiences to student-athletes while enhancing their achievement of educational goals. Our goal is to teach the values of teamwork, c-pride, respect, commitment, good work ethic, sportsmanship and development of the proper winning attitude. It is our hope that through our athletic programs, participating student athletes will adopt these guidelines and develop a positive winning attitude that will carry over into all aspects of their lives.

Athletic Departments Philosophy

Chester Upland School Districts considers participation in athletics to be an integral part of the overall educational experience. Athletics provides opportunities for physical, mental, emotional, and social development. The competition of athletics is viewed as a valuable experience because it challenges each student-athlete to strive for excellence, helps each student-athlete discover their physical limits, and requires each student-athlete to work cooperatively as a member of a team. While winning is a natural goal in the pursuit of excellence, the principles of good sportsmanship and enjoyment of competition take precedence at all times and enhance the educational value of all contests

Eligibility

Participating in athletics is a PRIVILEGE. Students who participate in athletics are required to meet certain eligibility requirements. For high school and middle school eligibility, we adhere to the guidelines set forth by the school and by the PIAA handbook. Students are required to maintain their academics at a high level and behavioral standards.

High school and middle school students must be in school for at least half a school day to be eligible for participation in sports on that day. Student-Athletes should always display sportsmanship while representing their school in athletic competition. Students who do not meet the minimum eligibility requirements may lose eligibility for an entire season.

Participation Forms

Middle school and High School students are required to have the PIAA Physical Form completed in order to try out for any sport. This form must be renewed and updated each calendar year.

PIAA COMPREHENSIVE INITIAL/PRE-PARTICIPATION PHYSICAL EVALUATION

INITIAL EVALUATION: Prior to any student participating in Practices, Inter-School Practices, Scrimmages, and/or Contests, at any PIAA member school in any school year, the student is required to (1) complete a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE); and (2) have the appropriate person(s) complete the first six Sections of the CIPPE Form. Upon completion of Sections 1 and 2 by the parent/guardian; Sections 3, 4, and 5 by the student and parent/guardian; and Section 6 by an Authorized Medical Examiner (AME), those Sections must be turned in to the Principal, or the Principal's designee, of the student's school for retention by the school. The CIPPE may not be authorized earlier than June 1st and shall be effective, regardless of when performed during a school year, until the latter of the next May 31st or the conclusion of the spring sports season.

SUBSEQUENT SPORT(S) IN THE SAME SCHOOL YEAR: Following completion of a CIPPE, the same student seeking to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in subsequent sport(s) in the same school year, must complete Section 7 of this form and must turn in that Section to the Principal, or Principal's designee, of his or her school. The Principal, or the Principal's designee, will then determine whether Section 8 need be complete
